**The RELAX Electric radiator can be installed both vertically and horizontally.**

Finishes available	Surcharge
Standard White	
Classic finished	
Special finished	
Other RAL colors	

Finishing codes see page 596.

**Accessories towel-holder**

The towel-holder designed for the RELAX radiator is a design accessory that can be positioned at the desired height even after the radiator has already been installed. This means RELAX can also be used as a towel warmer. Available in one version, both with a polished chromium plated finish.

**Wireless Remote Control**

RELAX Electric with wireless thermostat is equipped with a wireless controller that allows remote management of every electric radiator function. Because the controller is wireless, it has the advantage of being quick and easy to install and does not require any modifications within the home.

**Technical specifications**

- Wireless communication via radio signals transmitted to the receiver connected to the system.
- Approx. 30-50 metre range in residential environments (868 MHz).
- Radiofrequency communication pursuant to European standards.
- Optional ITCS (Intelligent Temperature Control System)
- Open window detection function.
